Guizhou Normal University

Congratulatory Letter

On behalf of Guizhou Normal University, I would like to extend our heartiest congratulations on the 90th anniversary of the foundation of I.Y. Yakovlev Chuvash State Pedagogical University.

As an excellent university, I.Y. Yakovlev Chuvash State Pedagogical University has made great achievements in higher education and research, and cultivated a large number of talents contributing to the development of Chuvash and Russia since its foundation.

Yakovlev Chuvash State Pedagogical University and Guizhou Normal University have maintained good relationship since our cooperation established in December 2014. We are also delighted to see that in the past few years both sides enjoyed a productive and substantial relationship through student and faculty exchange programs while promoting languages and cultures of both countries by running the Centers. I believe that we will work in closer cooperation in many aspects.

Guizhou Normal University is proud to be one of your partner universities and we look forward to continuing our cooperation in the fields of teaching, learning and research. May I take this opportunity to wish you in your celebration and continuing success for the future.

Congratulations again!

肖远平 XIAO Yuanping
